INTRAD RCA Cornerguards

INTRAD RCA-75

INTRAD RCA-7-135

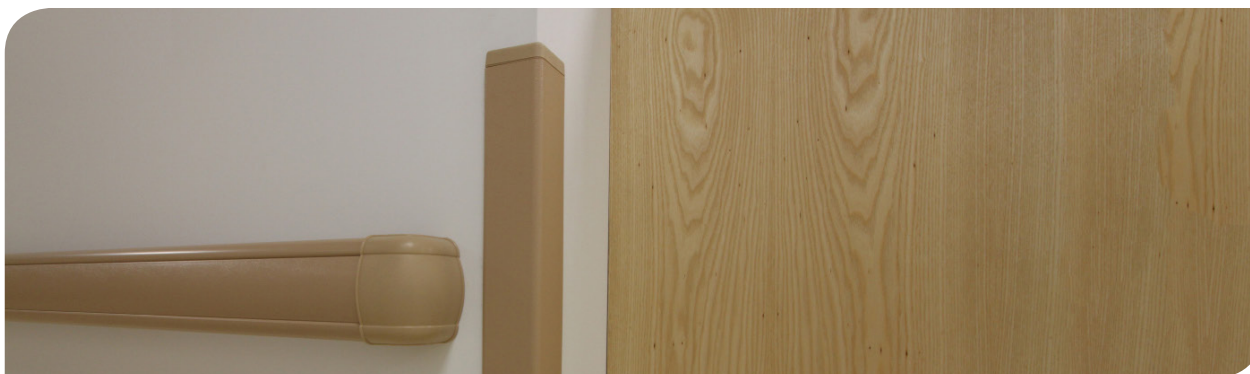

INTRAD RCA-50

INTRAD RCA Cornerguards

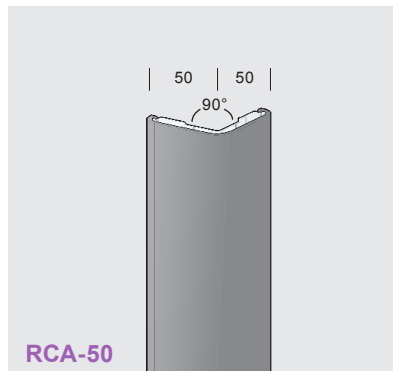

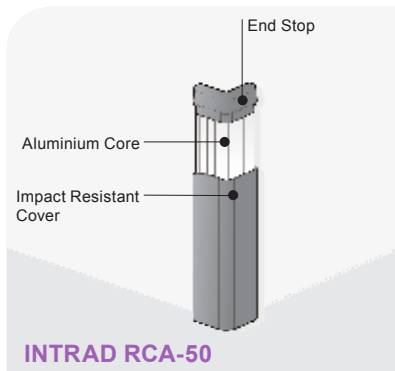

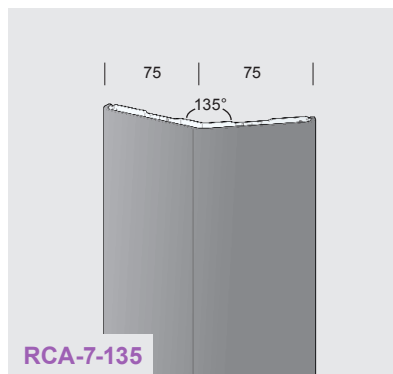

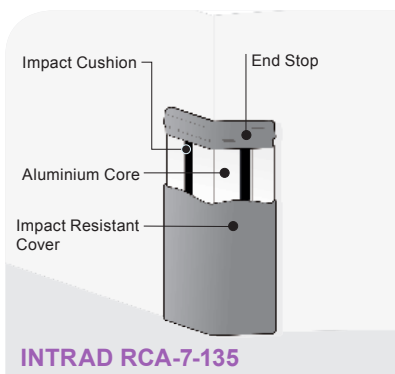

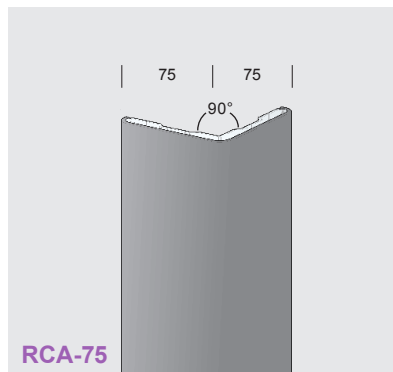

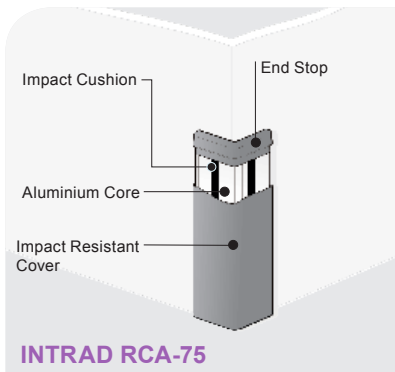

INTRAD RCA series cornerguards offer cushioned impact for vulnerable corners. These heavy duty protectors clip over an aluminium core and flex under impact. The RCA-75 & RCA-7-135 incorporate impact cushions for extra resilience.

All models come with matching endcaps. Available in standard 3m lengths they can be used from floor to ceiling or cut down to any length to suit the users requirements.

INTRAD RCA cornerguards are a perfect combination of quality, good looks, and effective protection against damage and wear to virtually any exposed vulnerable corner. The RCA-75 & RCA-50 can also be used as door frame protection.
